I'll keep this simple. It's about time the rules are change. Here is ny basic point. Over the air broadcasters make there money by selling ad time. XM and Sirrus make there money selling air time which I have the choise to pay for it. The broadcasters are upset because they lose ad time sales by less people listening. It should be my choice if I want to pay for a serivce that fits my needs then I should be able to do that with out undue / unfair efforts on the part of broadcasters.
